Data Reporting & Communication: The Open Government Data Act

Greg Reams & Steve Prisley
So What?

• Open Government Data Act became law in Jan. 2019
• Requires agencies to publish information online using machine-readable data format
• Like FIADB for example
What Data?

- That’s the open question to you
- TPO
- Tree taper & biomass, carbon, volume
- Urban FIA data
- These are some obvious examples
- What else?
